Journal of Physical Therapy Education

Rely on Ovid as the trusted solution that transforms research into results

This peer-reviewed journal is an official publication of the Academy of Physical Therapy Education, one of the oldest of the American Physical Therapy Association and is dedicated to the development of each new generation of physical therapy practitioners, a dynamic cadre of academic educators, and a store of knowledge useful to consumers for enhancing their own musculoskeletal health

The journal advances the scholarship of physical therapy education in all its dimensions by disseminating scholarly works of discovery, application, and integration. It enriches physical therapy academic and clinical education environments by using evidence into the educational decision-making process to effectively prepare students, support faculty and clinicians, and inform administrators.
